

MATH/LITERACY CONNECTIONS by Dr. Nita Copley

OWL is organized into **eight** engaging and child-friendly **themes**. Each theme includes **materials and activities** that build knowledge concepts, and skills.

Welcome, New Friends **My Family** **Our Community** **Life on a Farm** **From Jungle to Desert** **Earth and Sky** **Shadows and Reflections** **Make it Move**

Week 1

<p>What makes each of us special?</p>	<p>Who is in our families?</p>	<p>What is in our community?</p>	<p>What a farm?</p>	<p>What is a jungle?</p>	<p>What happens when day changes to night?</p>	<p>Why do we see shadows?</p>	<p>What are the different ways things move?</p>
---------------------------------------	--------------------------------	----------------------------------	---------------------	--------------------------	--	-------------------------------	---

Week 2

<p>What is a friend?</p>	<p>How do family members care for one another?</p>	<p>What do workers in our community do?</p>	<p>How do machines help farmers?</p>	<p>What are jungle animals like?</p>	<p>What happens when weather changes?</p>	<p>What make shadows change?</p>	<p>What can we do to make things move?</p>
--------------------------	--	---	--------------------------------------	--------------------------------------	---	----------------------------------	--

Week 3

<p>How do friends help one another?</p>	<p>How does everyone in a family help?</p>	<p>What can we do in our community?</p>	<p>Why do farmers have animals?</p>	<p>What is a desert?</p>	<p>What changes each season?</p>	<p>What is a reflection?</p>	<p>What are the different ways things move?</p>
---	--	---	-------------------------------------	--------------------------	----------------------------------	------------------------------	---

Week 4

<p>How do friends get along?</p>	<p>What do families do together for fun?</p>	<p>What kind of communities do people live in?</p>	<p>How does food get from a farm to your house?</p>	<p>What are desert animals like?</p>	<p>How can we take care of the earth?</p>	<p>Why can't we hold on to shadows or reflections?</p>	<p>How do machines help us move?</p>
----------------------------------	--	--	---	--------------------------------------	---	--	--------------------------------------
